

ANIMAL & MARINE

22442VIC-CERT IV IN SCIENCE (BIOLOGY)

Are you interested in animals? Our animal and marine-focused qualification will provide pathway opportunities into university as well as equip you for understanding the complex world of animal science.

Moving through the world of science, you'll gain skills in areas such as cells & DNA, laboratory skills, ecology, research and referencing, aquaculture and biodiversity.

2023 Program

Health Science Hub locations:

- Murdoch Uni South St
- Bunbury

\$2400 Classroom
\$2200 Online

2023 - Terms 1-3 (one day/week)

Online - Available, however needs to have access to lab to complete activities (18 mth access)

Mandatory Entry Requirements:

C Grades for Maths, Science & English in Year 10.
Pass in OLNA.

- VU22085 Investigate cell biology
- VU22086 Investigate anatomy and physiology
- VU22087 Investigate introductory genetics
- VU22088 Investigate ecology
- MSL943002 Participate in laboratory/field workplace safety
- MSL973004 Perform aseptic techniques
- VU22074 Use a range of techniques to solve mathematical problems
- VU22075 Apply mathematical techniques to scientific contexts
- VU22072 Apply essential further study skills for science
- VU22073 Research scientific fields of study
- ICTICT102 Operate word-processing applications
- BSBINS401 Analyse and present research information
- SFIAQU403 Manage water quality and environmental monitoring in enclosed systems
- AHCLPW406 Supervise the monitoring of biodiversity
- ACMATE511 Carry out post-mortem examination of a research animal

NATIONALLY RECOGNISED
